The music at the Central Union church last Sunday was unusually fine. The choruses were rendered by a choir of forty voices under the leadership of Mrs. Yarnow. The solo parts both morning and evening were also highly enjoyed.

Major George C. Potter, Secretary to the Commission to Paris, was among the passengers on the Rio. He expressed himself as well pleased with the exhibit, despite the fact that the commission arrived late and the installation of the Hawaiian products was unavoidably deferred. Mr. Potter has made no decision regarding his future plans.

Not for many years has San Francisco been so completely cut off from telegraphic communication with the rest of the world, as on Dec. 15, when a sixty-mile an hour wind raged for a few minutes. The wind storm was accompanied by thunder and lightning and torrents of rain and though it lasted but a short time, it left telegraph and telephone wires in a sadly demoralized condition.

A midwinter prairie fire was a dangerous novelty witnessed in Chicago on December 14th. It swept ten acres of grass and was subdued by farmers, firemen, policemen and street railway employees, who attacked it with brooms, blankets, rubber overcoats and sod. Many cars loaded with beef on the Panhandle tracks were threatened, as was a Knickerbocker ice house and several farm houses. The scene was the prairie between Leavitt street and Western avenue and Fortieth and Fifty-first streets.

Cloud Photographs.

The demand for the best in photography has been met by using Bros. in their latest productions of cloud effects, finished in platinum.

Familiar and beautiful scenes surrounding Honolulu are now made in the most attractive form.

This is made possible by a discovery which permits treatment of the ordinary plate in such a way as to make them sensitive to certain color rays absolutely necessary in making perfect cloud photos. No means are spared in the production of these photos and it is a pleasure to note that their efforts are being appreciated.

Notice.

On and after this date I will not be responsible for any debts contracted by my wife.

The Life Policies of the Grand Old

Pacific Mutual

are just as unique as this cent. Just think of a 20 payment life policy guaranteed paid-up in 15 years, or of a 15 payment policy guaranteed paid-up in 12 years. This guarantee is backed by \$20,000,000 more than the security given by any other life insurance company. Policy provides increasing insurance yearly as well as liberal loans and surrender value either in cash or paid-up insurance. It provides also for automatic extended insurance; in other words, more insurance for the same money, or the same insurance for less money than given by any other company on earth.
